PROFESSIONAL PROFILE

Full-Stack JavaScript student at Chas Academy with a particular interest in frontend development, UX/UI, and digital product development. Combines knowledge of JavaScript, TypeScript, React, and Node.js with several years of experience in technical support, troubleshooting, and problem-solving in digital environments. Motivated by understanding user needs and creating thoughtful, user-friendly solutions. Looking to grow within software development and contribute to the development of modern digital products.

TECHNICAL SKILLS

Programming: JavaScript (ES6+), TypeScript, HTML5, CSS3
Frontend: React, React Native, responsive design, component-based development
Backend & Databases: Node.js, Express.js, REST APIs, API integrations, MongoDB
UX/UI: Figma, wireframes, prototypes, user flows, interface design
Tools & Methodologies: Git, GitHub, VS Code, Agile, Scrum, ServiceNow, CRM systems

SOFT SKILLS

Problem-solving and analytical thinking • Clear communication • Teamwork and collaboration • Customer- and user-focused mindset • Adaptability • Organisation and prioritisation • Attention to detail and accountability • Ability to work independently and in a fast-paced environment.

EDUCATION

Full-Stack JavaScript Developer | Chas Academy AB | August 2025 – June 2027 (expected)

- Higher Vocational Education programme focused on modern software and web development using JavaScript, TypeScript, React, React Native, Node.js, Express, REST APIs, and MongoDB.
- Hands-on project work in UX/UI and prototyping with Figma, version control using Git/GitHub, and Agile development practices including Scrum.

Upper Secondary School Diploma – Social Science, Behavioural Science | S:t Eriks Gymnasium | 2017

COURSES & PROFESSIONAL DEVELOPMENT

Cybersecurity for Professionals (Upskill) | Chas Academy AB | October 2026

TECHNICAL PROJECTS

Web Development & Frontend | JavaScript, TypeScript, React, HTML5, CSS3

- Developed responsive web interfaces with a focus on user experience, component structure, and visual consistency.

UX/UI & Digital Product Design | Figma, wireframes, prototypes

- Worked on user flows, interface structure, and prototypes, focusing on user needs and practical design implementation.

Full-Stack Development & APIs | Node.js, Express.js, REST APIs, MongoDB

- Built backend logic and worked with databases and communication between frontend and backend components.

PROFESSIONAL EXPERIENCE

Operations Customer Expert | Teleperformance | January 2019 – August 2026
Client accounts: Telia Sweden AB and IKEA

- Telia: Provided advanced technical support, troubleshot complex technical and system-related issues, and used ServiceNow and internal CRM systems on a daily basis.
- IKEA: Handled delivery enquiries, order follow-ups, complaints, returns, and service cases, with a focus on customer satisfaction and efficient case management.
- Strengthened problem-solving and communication skills by analysing issues and guiding customers towards effective solutions. Worked independently and collaboratively in a structured hybrid environment.

Security Screener & Cash Processing Associate | Nokas Security / Loomis Sverige AB | 2018–2019

- Followed established security procedures and processes, working with a high level of accuracy, responsibility, and efficiency.
